Entrepreneurship

Introduce your students to business!

Only **\$1,995** per class

Program Overview

KidEntrepreneurship.com specializes in introducing students to the creative world of entrepreneurship. The world's economy is changing and Forbes® predicts that by 2027, 50% of jobs will be freelance.

Are your students job ready for the future?

Our program teaches the 21st-century skills students need to succeed.

- How to think of a business idea.
- How to identify opportunities in the marketplace. (Price/Quality graph)
- How to differentiate your product/service from competitors.
- How to develop a target market.
- How to develop a marketing strategy.
- How to identify costs and develop a pricing strategy.
- How to develop a Minimum Viable Product.
- How to develop short and long term goals.
- How to use a Scrum Board. (Time Management)
- Communication skills, selling tactics, and negotiation strategies.
- How to create a branding strategy.
- How to develop a business model.
- How to present a business idea to an audience.
